

ANTI-LYNCHING CRUSADE.

Confederate Veterans Appeal to Old Soldiers to Help Stamp Out the Evil.

Memphis, Tenn., March 31.—A special to the Commercial Appeal from Grenada, Miss., says.

An anti-lynching crusade has been inaugurated by the W. R. Barksdale Camp, United Confederate Veterans of this city. The following significant resolutions were unanimously adopted at a largely attended meeting of the camp.

"First. That we are unalterably opposed to the lynching of a human being, save perhaps for the one unmentionable crime.

"Second. That as Confederate Veterans and law-abiding citizens of Mississippi and of the United States—we are violently, vehemently and eternally opposed to the practice of burning at the stake a human being for any crime whatsoever.

"Third. That we appeal in thundering tones to all Confederate Veterans, their wives and daughters, and to that great and glorious organization, the daughters of the Confederacy, one and all, to arise in all their might and by precept and example, voice and pen, moral force and influence, help put a stop to this diabolical, barbaric, unlawful, inhuman and ungodly crime of burning human beings.

"Fourth. That we heartily approve of and applaud the action of the Governor Vardaman in his recent successful efforts to save a criminal from a mob bent on burning."

A Dreadful Attack of Whooping Cough.

Mrs. Edwin Harrison, of 300 Park Avenue, Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the procyon of coughing would faint and bleed at the nose. We tried everything we ever heard of without getting relief. We then called in our family doctor who prescribed Foley's Hony and Tar. With the very first dose they began to improve and we felt that it has saved their lives. Refuse substitutes. Post-office Drug Store. m

New Citizens for Ocala.

After a continued residence of many years in this city Mr. and Mrs. Turner Brewer departed yesterday for Ocala, which place they will make their future home. Mr. Brewer has secured a position as traveling salesman for A. Brown & Bro., proprietors of the Tea Pot Grocery. Mrs. Brewer has been a general social favorite here and her numerous friends regret sincerely to see her leave. While Mr. Brewer has been on the road ever since he came to Florida, Gainesville has been considered his home, and the people of Gainesville do not appreciate the idea of giving him up. The best wishes of friends of this amiable couple follow them to their new home, and it is to be hoped that they will be well pleased with the Brick City.—Gainesville Sun.

We extend a very cordial welcome to Mr. and Mrs. Brewer.

Health is Youth. Disease and Sickness Bring Old Age.

Herbina taken every morning before breakfast will keep you in robust health, fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaint. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 3, 1902: "I have used Herbina, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it." 50c. a bottle. Anti-monopoly Drug Store. m

The value of a spring of water on a farm may be gathered from the following item: John E. Madden, of Lexington, Ky., recently purchased the farm of James C. McCann, paying \$75,000 for eighty acres. Mr. Madden declares that he did not want the land, but that he purchased it because it contained a never failing spring of water adjacent to his own farm.

Hon. Dannitte H. Mays ought to be gratified with the numerous evidences of support that he is getting from all parts of the state. From present indications, Mr. Mays will be Florida's next governor.—Pensacola Journal.

Frank Simonton has again sued the Tampa Times for libel.

FLORIDA STATE HORTICULTURAL SOCIETY.

On account of conflicting with the democratic primary election, May 10, it was deemed advisable to change the date for our annual meeting from May 10 to 13 inclusive, to a more propitious time. As the Cane Growers Association had arranged to hold their meeting in Jacksonville the first week in May, and as last year quite a number of our members expressed themselves in favor of holding our meetings earlier in the year, the executive committee of our society thought best to set the date for our annual meeting the last week in April, 26 to 29 inclusive.

The annual meeting of our society will, therefore be held April 26 to 29 inclusive, in the beautiful new board of trade rooms in Jacksonville, and it is confidently expected that we shall have a large attendance and a most successful meeting.

The committee on transportation has already taken up with the railroads the matter of rates to Jacksonville and will undoubtedly be able to secure low rates, probably the same as have heretofore been accorded to us. These rates will be announced later.

Our annual meetings are always interesting, instructive, and, at the same time, eminently agreeable socially. This year everything points to a particularly successful meeting. In addition to the reports of regular standing committees, it is expected we shall have addresses by several prominent horticulturists from outside of our state.

Many of our members have not visited Jacksonville recently—some not since the great fire in 1901—and few of us realize what wonderful strides the metropolis of our state has made during the past three years.

Jacksonville of today is a beautiful, new city; its business streets lined with large fine stores and office buildings, the very picture of commercial industry; its beautiful residence streets and elegant homes; its shady, restful parks, and the magnificent St. Johns river, are well worth spending money and time to see.

It is, therefore, hoped that you will send in your own membership fee of \$1, and that you will be able to induce some of your friends to become members and attend the meeting. Remember any one can become an annual member upon payment of \$1, which entitles the member to reduced railroad fare to and from Jacksonville, reduced hotel fare, as well as a copy of the proceedings when published, the book of itself is worth far more than the \$1 fee. Or, if one wishes to become a life member, he or she can do so upon payment of \$10, after which there are no more dues.

AUBREY FRINK,
Assistant Secretary.
Glen St. Mary, Florida.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c. at Tydings & Co. m

Distinguished Arrivals.

In company with Capt. John L. Inglis Mr. Chas. R. Henderson, Mr. John W. Auchincloss and Mr. Chas. A. Peabody, of New York, were at the Ocala House Monday. Mr. Peabody is general manager of the Illinois Central Railroad and receives the princely salary of \$50,000 per year. Mr. Henderson has charge of the investments of the Mutual Life Insurance Company and receives \$40,000 and Mr. Auchincloss is largely interested in the Dunnellon Phosphate Company and the Port Inglis Terminal Company. These gentlemen have been spending a few days at the "Bungalow," Port Inglis, with Capt. Inglis.

Federal Judge Swayne was not impeached after all. The majority of the committee which investigated the charges against him reported in his favor.

The Southern Baptist says that Rev. L. B. Warren, of this city, has received a call from the church at Corsicana, Texas. The report is correct, but we are pleased to say that Mr. Warren is not going to give up Ocala.

Johnson for Supreme Judge.

Recognizing the ability, honesty and integrity of Hon. John B. Johnson, his friends have persuaded him to permit the use of his name as an aspirant for justice of the supreme court of Florida.

There are four judges to be elected this year, and inasmuch as the third judicial circuit has no representation at Tallahassee, either in the cabinet of the governor or upon the supreme bench, and realizing that just claim which comes from a section that has long remained as a donor instead of the recipient, the citizens of Live Oak, Suwannee county and the third judicial circuit, present the name of Hon. John B. Johnson to the democratic voters of Florida and ask his elevation to the supreme bench of the state.

Mr. Johnson is the present popular mayor of Live Oak, now serving his third term, secretary of the county democratic executive committee, secretary of the bar association of the third judicial circuit, and a successful practitioner of several years. Versed in the law, with an intellect broad enough to grasp the problems of intricate litigation, a keen insight into every detail of a cause presented, judgment whose unerring aim is ever on the side of justice; pure, clean and capable, morally and intellectually, he would take easy rank with the foremost jurists of the high tribunal of the supreme court.

We therefore present the name of Hon. John B. Johnson as a candidate for justice of the supreme court and ask his favorable consideration on the 10th day of May by the democratic voters of Florida.—Suwannee Democrat.

Ballard's Horehound Syrup.

Immediately relieves hoarse, croupy coughs, oppressed, rattling and rasping breathing. Henry C. Stearns, druggist, Shullsburg, Wis., writes, May 30, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c. and \$1.00. Anti-monopoly Drug Store. m

An Inspiration.

Mr. J. T. Nelson, a pioneer settler of Candler, was a visitor to the city Friday and in conversation with a representative of this paper says that by all odds his town is now the very prettiest on the A. C. L. between Jacksonville and St. Petersburg. That the orange trees escaped the breath and blast of the frost king the past winter and are now white with bloom and the air redolent with their fragrance. He says that the Ocala people should have a picnic excursion to Candler, see the beautiful groves and receive a baptismal inspiration.

A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions and the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. For sale by Anti-monopoly Drug Store. m

Death of Morris Crown.

Morris Crown, aged fifteen years, died Thursday night at the home of his mother, Mrs. Nathan Crown, at Tampa, the cause of his death being typhoid fever.

The remains were brought to Ocala by Mr. Myer Crown, brother of the deceased, and laid to rest Friday afternoon in the Jewish cemetery by the side of his father, who died in this city several years ago, the family having formerly resided here.

The deceased was a student of the Tampa Business College and was a bright boy and his early death is greatly regretted.

Makes a Clean Sweep.

There is nothing like doing a thing thoroughly. Of all the salves you ever heard of Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It is only 45c. and guaranteed to give satisfaction by Tydings & Co. druggists. m

Gen. Miles will accept the presidential nomination on the prohibition ticket.

THE SANITARY WALL COATING.

Destroys disease germs and vermin. Never rubs or scratches. You can apply it on walls and in white and delicate tints. NOT a disease-breeding, out-of-date hot-water pipe preparation. Relieves the most fearful diseases and cures with hot water are stuck on with glue, which can be removed by means of a special cleaning and rubbing and sealing. This Alabastine is a perfect and proper substitute for all other wall and floor coatings. It is the only one that is safe and does not burn, blister, or crack. For sale by Melver & Mackay, H. B. Masters.

A. K. HAWKES, Optician,
Established 1870.

Commencing over thirty years ago in the smallest way, the firm has steadily and rapidly grown, until now HAWKES' SPECTACLES AND EYEGLASSES have a national reputation, and are used in every town and city throughout the south. These famous glasses are used by the best class of people in all communities. They are sold only by merchants of recognized reliability, of whom there are now over 11,000 handling these goods; and when it is remembered that there is only one agent in town, the wonderful demand for them can be somewhat appreciated.
